Wholesale Price List of  
GREEN PLANTS  
AND  
ROOTED CUTTINGS

Salem, N. J., March 10, 1937

**GREEN PLANTS.** Our plants are propagated from especially selected roots, free from stunt or disease. They are from base cuttings, grown under moderate heat, are strong and stocky and thoroughly hardened before shipment. On and after May 1st we can ship plants to any part of the United States and guarantee them to reach you in good growing condition. They should be planted about five to six inches deep, well watered and shaded for a day or two.

**ROOTED CUTTINGS.** Our cuttings are well rooted, and are the same as those used in growing our strong plants, and although we have shipped them very successfully in our especially constructed containers for a distance of 2,000 miles, we do not guarantee safe arrival. All shipments at purchaser's risk and expense. We advise express shipments and all orders will be so shipped unless wanted by Parcel Post. Then charges must accompany order. However, we send extra stock to cover carrier charges. Upon arrival cuttings should be potted in flats or three-inch pots, well watered and gradually brought to the sun.

**TERMS.** Cash with order.

**GUARANTEE.** We guarantee our stock to be true to name and as represented. Money refunded if otherwise.

References, Dun's, Bradstreet's, or any bank in the City of Salem.

We are Eastern representatives of B. & B. Gardens, Port Huron, Mich., and have all their wonderful creations in stock.

Visit our gardens during blooming season. Besides the standard varieties herein listed, we are growing many new seedlings this year.
